ST. MICHAEL'S COLLEGE ARCHIVES

"I am Alpha, I am Omega, The beginning of all things and their end, says the Lord."

Revelation 1:8

How very true it is that these words apply to the past and present history of St. Michael's College School - An institution that has stood firmly upon solid ground for over a century, eternally nurturing the vocations and spiritual knowledge of the young men who have passed through its arches then and now.

I am sure that since the time the last cornerstone of St. Michael's was put into place at the Queen St. location, God and His mighty archangel have watched over St. Michael's through its many transitions, both internally and externally. In fact, there are parallels between this thought, and the words at the top of the page. For instance, the beginning of St. Mike's at Queen St. lead to an end when this school became situated at Clover Hill. In turn, this 'end' became the beginning that thrust our school to its present location at New Clover Hill (Bathurst and St. Clair.) Finally, it was here that St. Mike's began another new phase, which just recently led to another end - becoming a private school.

Therefore we are led to ponder the future from this new beginning, this new stepping stone. Will St. Mike's continue to subsist as a private school? Will it resolve new insurance problems as it has done in the past? One thing we can be sure of: its dedicated staff of priests and teachers will continue to work from within, to shape not only the minds, but the souls of their students. Therefore, in this sense, St. Michael's has no end to this timeless dedication and motivation. Indeed this is the very core of the essence of this institution. Furthermore, these students, upon graduating, carry a part of St. Michael's with them into their own futures, in addition to graduating with a mature appreciation of what St. Michael's is all about.

There remain only the temporal questions of St. Michael's future. What we do not need to ponder is the fact that St. Michael's will continue as it has in the past and present, to furnish a channel from which its students can draw from the spring of life. Year after year, St. Michael's purpose will continue to be done with every graduating class.

"It is done. I am the Alpha and the Omega, the beginning and the end. I will give to the one who thirsts from the spring of life."

Revelation 21:6

May those of you still attending St. Mike's continue to be taught goodness, discipline and knowledge. To my fellow graduates, I wish you the best of luck in your future endeavours, and may God bless all the Students and Staff always.

Norman Lawless

DEDICATION

FATHER MAURICE "MO" WHELAN C.S.B.

Fr. Maurice "Mo" Whelan, CSB

We, the staff of the 1986 yearbook, would like to dedicate this year's yearbook to Fr. Whelan, a man who was not only instrumental in the growth of THE TOWER but in the growth of St. Michael's College School.

Maurice Whelan was born in Ottawa and moved to Toronto when he was ten years old. He attended De La Salle but quit after grade ten. After working as an apprentice to a diamond setter for a year, Maurice was lured to St. Michael's, along with other friends, by the fine hockey team. He played goalie very successfully for the Junior OHA hockey team and it was here at St. Mike's that he got his nickname "Mo". Mo was active in other sports as well. He, in fact, was the first quarterback of the new St. Michael's senior football team.

After graduating from St. Mike's, Mo went into the novitiate and after two years he was called to teach theology at St. Thomas Aquinas Institute in Rochester. After two years, he returned to school, specifically the University of Western Ontario in London. After university, he taught theology in Houston, Texas for a short time. After being ordained in 1939, Fr. Whelan went back to Houston where he introduced St. Thomas to their first yearbook, which many believe is the best yearbook every produced.

Fr. Whelan returned to St. Michael's where he began teaching math and moderating the yearbook. In fact, it was Fr. Whelan who changed the name of the yearbook to THE TOWER when St. Mike's was moved to its present site. It is fitting that he receive this honour for he went on to finish twenty-five years of yearbook moderating.

During the years of World War Two, Fr. Whelan was asked by then principal, Fr. McIntyre, to be moderator of a cadet corps in the school, which became associated with the Irish Regiment of Canada. Along with the cadets, there sprouted a marching band which was moderated by Fr. Whelan as well. This band then evolved into what we now know as the St. Michael's Concert Band. Soon after, Fr. Whelan was instrumental in arranging one of the biggest events of our school's history when the St. Mike's band joined with 250 choir girls from Loretto Abbey and Loretto College School to put on a concert to a full house at the old Massey Hall.

After looking at his great achievements, we must now look at his character. He is a man of great kindness and charity. Even when he retired from teaching in 1978, he would still aid students who were having difficulty in their classes. On the other hand, Fr Whelan is a tough customer as well. He coached with an iron glove which brought him great respect and success. He is also a man of indomitable will and patience for how else could he have taught math to a class of 57 students; 52 seated at desks, another one at his own desk and four sitting on the windowsills.

Today, at the age of seventy-seven, Fr. Whelan is retired and resides at the Basillian residence on St. Michael's campus downtown. He still is respected as a major contributor to St. Michael's College School and as a wonderful human being. Even today his name is being suggested as a possible entry into the Windsor Hall of Fame for the time he played hockey there. Yes, this man is truly a man to remember.

FATHER FITZPATRICK'S MESSAGE

I am very pleased with the Editor's choice of theme for the 1986 edition of THE TOWER. "Yesterday, today and tomorrow". I am told that it is meant to underline St. Michael's entry into a new era in its history, for with this grade nine class, the school begins a three-year transition to the status of a fully independent school.

When people or institutions move in new directions, they do so at some risk to their identity and their mission. The risk can be greatly diminished if they look not only to their future, but to their past and present, as well, or as the Editors have phrased it, to "Yesterday, today and tomorrow".

Let me suggest how the St Michael's community of parents, teachers and students can be true to itself as it moves into the future.

St. John says (1 John 5:5): Who can overcome world? That question not only acknowledges the existence of the world but implies that for some reason it needs to be overcome. For St. Michael's people, St. John's question should come as no surprise; we have pictures of St. Michael here and there, and he is invariably in conflict with an adversary. So our patron also says there is a battle to be fought. There is something to be overcome.

In the past - in our past in this culture, away back in its beginning in Graeco-roman days - we were told that the world was not something to be overcome but something to be conformed to. The very word "morality" comes from the Latin word for "custom". What was "customary" was "moral". In Greece the word "idiot" meant someone who did not conform to what everyone else was doing.

Now along comes St. John, a faithful follower of Christ, talking about not conforming to the world, but overcoming it.

No wonder the first Christians were outcasts! They were "idiots". They were "immoral".

What was happening, of course, was that they were indeed conforming, but to something different - not to the world, but to the person who was, and is, and will be the light of the world, Jesus Christ, "yesterday, today and the same forever". (Hebrews 1:8)

In this sense, Michael was a conformist. We know how he championed the rights of God in the face of a rebellious Lucifer and his "conforming" hordes. There is our model! We do well to look to Michael as we ponder the risks, indeed the "idiocy" of continuing to conform to Christ in the world that is ahead.

Please God, we have conformed to Christ in the past! Please God we do so now, and in the future. For our fidelity to the Light of the world overcomes the world, not reducing it to abject defeat, but paradoxically, raising it in triumph, exactly as Michael triumphed over sin and death with the sword of God's truth.

Shall renew their strength . . .

They put out wings like eagles . . .

They run and do not grow weary . . .

Walk and never tire . . .

STUDENTS FROM OVERSEAS

Giuseppe Bertolini comes to us from the village of Mossa, Gorizia in the region of Fenezia Jiulia in Northern Italy. He attended the School of Galileo Galilei in Gorizia. He plans to return there in June to continue his education. While in Toronto he resided with family friends.

Francis Limbach is a guest student from the city of Freiburg in the Republic ol West Germany. He attends the German-French School in that city, a school operated by the European Economic Community. Francis vacations each summer in Toulouse, France.

GRADUATES

When I was still young before I started out on my travels, I boldly prayed for wisdom. I went to the temple and asked for her and I will look for her as long as I live.

I have followed directly in her path ever since I was young. I received wisdom as soon as I began listening for her and have been rewarded with great knowledge.

I have always been a learner and I am grateful to everyone who has been my teacher.

When I prayed I sadly confessed how far short of wisdom I fell but I was determined to have her and I found her by keeping myself free from sin.

SOMETHING TO THINK ABOUT

Each new day holds
The realm of freedom
For man was not created
To be imprisoned
For no man has the right
To cast judgement on another man's beliefs.
But a man must know what's right and what's wrong
In order to be truly free.
As Franke once questioned
What about freedom?
Are we victims of our own society?
Whatever happened to human dignity?
One must obviously reassure oneself
Of their own feelings
So as to define the future
In relation to one's destiny.
For if one's hope diminishes
Infinitessimally
Thus proving that a desperate chance
Becomes the only hope.
One must ignore this
Sepulchral attitude
To face the problems
Each new day brings,
And realize that
One must try
To cope.

SEAN DIGNAN.

ROBIC'S LAW

Why do I always find
That whenever I have time
There is never any reason to have fun.
Yet when time is of the essence
Then I always feel the presence
Of a pressure to get all assignments done.

It ne'er seems to occur
And its pompous to infer
That my extra time be used in such a way.
Starting work before its due
Consequently being through
Thus avoiding any frantic-like display.

Yet I must confess a longing
For a period of yawning
After finishing thirteen last minute chores.
Therefore it would seem to me
Through excitement I find glee
and I thrive on all my self-made uproars.

Well you know how they say
Not so much to my dismay
that you cannot teach an older dog new tricks.
'Cause I like the way I am
So that, even though I can
My peculiar ways I'm never gonna fix.

Death Quest

We are the children of Manhattan·
The victims of what can happen.
We cannot learn from the past two clashes.
If it happens again, there'll only be ashes.
The words hang true, we may indeed burn,
We are created from dust, to dust we shall return.

Carrying the Torch

We were the young - the innocent.
We came with open minds,
With a willingness to see;
We asked not for reverence
But to be made and allowed to understand,
To experience, to live and to grow beyond life.

We came as many - yet were soon one.
We were of different philosophies
of conflicting ideals and ambitions;
Yet, we still came.
We foresaw the difficulties, the trials.
Yet we came, came knowing we would persevere.

It seems like a lifetime - we first walked though those doors,
Vivid memories of both the good and the bad,
The games, the parties, the classes and exams,
The times we laughed, the times we cried
The friends - friends we can never forget;
All memories - times that will live on in our hearts forever.
We are the strong - the able
You have shown us how;
You have given us the strength to search out,
To understand, to conquer and to show compassion;
You took us under your wing and with your guidance we have grown;
We have become men.

Now it is our turn - the world awaits!
St. Michael, it is carrying your torch
Of goodness, discipline and knowledge that we begin our journey,
May we never find ourselves enveloped in darkness,
But live the way you have shown us,
With fulfilment and happiness.

SENIOR BLUE RAIDERS

T.D.C.A.A. CHAMPIONS 1985-86

Back Row: Moe Willoughby, Jeff Zownir, Bernard Jackson, Eugene Basilio, Peter Moravec Middle Row: Bernie Fitzpatrick, Mike Lavelle, Willie Capano, Emile John, Paul Svab (mgr.) Front Row: Mr. D. Prendergast (coach), John Imbrogno, Santino Corvinelli, Mr. D. Smyth (coach).

Compliments should once again be dealt to Coach Dan Prendergast who led the Senior Blue Raiders to an unprecedented 15 th T.D.C.A.A. title. Assistant coach Dave Smyth contributed significantly to this achievement.

The Blue Raiders were led dominantly by city all-stars Bernard Jackson and Moe Willoughby. Bernard will be back in full form next year and best wishes go to Moe in what is hoped to be a fruitful college career.

A large gamble was taken early in the year when the team put forth the youngest starting line in its history. This line was composed of Jeff Zownir, Mike Lavelle and Bernard Jackson. Veterans John Imbrogno and Moe Willoughby completed the starters.

Although the team loses veterans Peter Moravec, Bernard Fitzpatrick, Willy Caparo, John Imbrogno and Moe Willoughby it will be led to greener pastures in the future by Bernard Jackson, Mike Lavelle, Jeff Zownir, Eugene Basilio, Santino Corvinelli and our very own Spud Webb, Cenile John.

Let's go Blue!

Norm Lawless.

JUNIOR BASKETBALL

The Double Blue Seniors having won their division bested Michael Power High School in the best out of three games to win the T.D.C.A.A. title. The triumph was made all the sweeter since it was the first time in nineteen years that this title was on. Having been in the finals many times over that time span, they had often lost out to the school which they defeated.

In the Ontario playoff The Double Blues advanced to the finals by defeating a brother Basilian school, St. Charles of Sudbury.

Although unsuccessful in their last game the team looks forward to next season. Only six players will be lost by graduation and many of the lines are left intact.

Most valuable player of the season was judged to be Chris Di Piero.

BLUE STRIKERS VOLLEYBALL TEAMS

The Senior Volleyball Team this year had another impressive showing. It lost only one game in its division out of thirty-two during the regular season. They went on to win the quarter and semi-finals handily. In the T.D.C.A.A. final it lost out to Don Bosco.

The majority of the team this year consisted of some very tall and some very talented students from grades eleven and twelve. We look forward to many interesting seasons in the coming years.

BAND'S CONCERT TRIP TO ITALY (MARCH BREAK)

In March 1986, twenty-three members of St. Michael's Concert Band and thirty-one members of Chaminade College's Concert Band combined to form an ensemble collectively known as YOUTH IN CONCERT. Conducted by Mr. John B. Guerriere (St. Michael's) and Mr. Livio Leonardelli (Chaminade) this band took a twelve day concert tour of Italy which passed through Rome, Florence, Venice, Trento, L'Aquila, Pordemone Tesero, Predazzo and Spormaggio

Here are some of the many memorable moments experienced by the band members.

MICHAEL, PRINCE OF ALL THE ANGELS

THE TOWER STAFF 1985-86

The TOWER staff realizes that this publication is a co-operative effort of teachers and students. Many wonderful things happened because of this union of minds and hearts.

Congratulations especially go to the whole student body who have enabled us by their academic achievements and their other activities, both on and off the playing fields, to record another memorable year in the history of our school.

We thank the TOWER staff members who have made it possible for this fine year to be remembered in photos and print.

Finally a vote of thanks to the school administration for its encouragement and support. It is our hope that this and future TOWERS under its moderator, Father Bud Cullen, will continue to add to the treasured publications of the past.

MR. JOSEPH YOUNDER MARKS

25 YEARS AT ST MICHAEL'S

Many teachers have taught in these hallowed halls of St. Mike's but none will be so remembered as the great Joe "Yeoman" Younder. This year will mark the end of a 25-year teaching career at St. Michael's. This great Yeoman will leave our school next year to bring the great St. Mike's spirit to Brebeuf College.

Joe Younder, a name synonymous with St. Michael's has been remembered by the graduates of St. Mike's for the past quarter century and will be remembered by this, his final Yeoman class.

Mr. Younder we bid you a fond adieu and wish you the best forever.

Past President: Daniel Brennan
Chaplain: Father Bill O'Brien
Blue Banner Editor: Joseph Younder

St. Michael's College School has a firm footage on the past and an eye on the future. In fact this very notion is embodied in the Old Boys' Association which unfortunately will lose its helmsman, one Mr. Joseph Younder, after twenty five years of teaching at St. Mike's transfers to Brebeuf High School. The graduates of St. Mike's will take with them a mature understanding of the essence of St. Mike's. The variety of talent contained among these young men holds much potential not only for themselves but for Canadian society.

St. Michael's evidently has once again turned out a fine group of men who will carry with them not only the essence of St. Michael's but also its Christian message.

As a result it seems that by returning to private school status, St. Michael's will be able to ensure its devotion to Christian and Catholic development of young men.

In fact this very move to private status maintains the bonds between St. Mike's past and future in order that its true essence may live on.

As we conclude this beginning year of return to private status, we are confident that the wealth of talent and resources shown in our Grade Nine students will mature and evolve in the direction and manner for which St. Michael's has always aimed and will continue to aim.
